

Product description

Bench with floral and geometric decorations, complete with armrests, made entirely of cast iron in Neri Grey. Double modular seat characterised by its linear shape (1 to 3 modules).

Series description

The uniqueness of the Scilla series lies in its decorations, made to match the posts of the Castore lighting system.

Dimensions

Length

2090 mm [6' 10 1/4"]

Width

580 mm [1' 10 3/4"]

Height

780 mm [2' 6 3/4"]

Weight

124 kg [273.37 lb]

Measurements in millimetres are rounded to the nearest quarter of the closest inch.

Components

The bench support is composed of two cast iron components with entries for the seat and for the backrest and an armrest positioned 645mm [3' 1 2/4"] from the ground. The support is also composed of an intermediate component without an armrest.

The decoration is constituted of two main branches arising from the ground, serving as feet, from which thinner branches develop with oak leaves and acorns.

The seat is composed of two cast iron components fixed to the supports with four stainless steel M6 screws and is decorated on the surface with two symmetrical squares with perforated geometric shapes, with a flower in the centre of each square, and with seventy-two holes along the perimeter. The front part is decorated with a design with eleven trefoil-shaped decorations with a central hole.

The backrest is composed of two components, each 950mm [3' 1 2/4"] long. Each component is fixed to the supports with four stainless steel M6 screws and is decorated with a series of perforated intertwined rings inserted into a rectangle.

Materials

- Cast iron UNI EN 1561

See the specific descriptions on the painting cycles of the materials that make up the product.

Finishes

The standard colours are:

- Neri Grey

Other colours are available upon request.
